

What we offer at Bethlehem

Readiness Skills

Within the course of a day, we provide ABC's, counting, colors, numbers and shapes along with social experiences at many levels for each individual child.

We learn through our play and do NOT use worksheets or drills. Our learning is experiential and relevant to each child.

Fine Motor Skills

Through manipulative toys, easel painting, playdough activities, writing, cutting and other small motor activities, we help each child develop fine motor skills needed for success in a classroom setting.

Language Skills

We offer books, finger plays, stories, music, sharing day, pictures, writing activities, and many cooperative projects where children experience language throughout the day.

There is ample time for communicating with peers and teachers too!

Sharing God's Word with All Generations.

Parents are always welcome in our classroom.

We teach children about God at a level they understand. They learn that God loves them and gives them their families who love them.

We teach them how God gave us His Son, Jesus, Who grew up to die on the cross for all of our sins. He loves us even when we sin (do bad things).

We teach them to talk to Jesus in prayer.

We teach them that God created the world and everything in it.

Jesus is the only way to heaven and He loves everyone so much, that He died for us all.

Classroom Discipline

We re-direct children to follow the classroom rules for safety and order. Each child is valuable because God made them and every child is treated as a precious creation of God. We use a Time-Out chair to help redirect children if further redirection is necessary.

Large Motor Skills

We offer inside and outside large motor activities to help your child develop large motor success. We have climbers, bikes, balls, sand play, stilts, hopscotch, balance beams, and many other large motor activities for your child to develop these skills.

Spiritual Growth

Each week a new Bible story is presented through storytelling, prayer, music, Chapel with Pastor, and hands-on interaction and role playing. Children are taught that the Bible is God's word and that Jesus is the only way to heaven.
